

Q2 Presentation Rubric

Weight of assessment in final grade: 20%

Type of assessment: group

Evaluator: Supervisors, thread leaders

	Learning Outcome (numbers based on overall outcomes)	Criteria	4-5 Insufficient	6 Sufficient	7-8 Good	9-10 Excellent	Comments
Communicate	1.a. Prepare and deliver an effective research presentation / talk for a mixed audience. (e.g., with a clear structure and visuals)	Storyline and structure	No clear storyline, and / or conclusions do not correspond to the aim, and/or key elements from the research project are missing.	Clear storyline; conclusions correspond to the aim. Some transitions are unclear. Narrative could be more attractive.	Clear storyline: key points are related to the presentation aim and transitions are clear. Presentation contains attractive narrative elements.	Throughout the presentation, audience's attention is drawn by an engaging narrative and well-crafted storyline	
		Use of visuals	Visuals (figures/tables) are of insufficient quality (e.g., illegible or irrelevant)	Visuals are of decent quality; minor comprehensibility or formatting issues may occur	Visuals are of good quality: they are supportive of content, referred to and stand-alone readable.	Visuals are of high quality; attention is drawn to key elements. Complex visuals are shown step by step.	
		Delivery skills (individual evaluation)	Speaker does not make contact with the audience or is difficult to comprehend (e.g., no eye contact, clarity issues due to volume or high pace, ineffective posture or position)	Speaker occasionally makes contact with the audience, but sometimes lacks eye contact, clarity (regarding pace or articulation), effective posture and gestures	Speaker makes eye contact, has a good pace, shows some variation in intonation, active posture and supporting gestures.	Speaker shows to be comfortable with the situation and can adapt delivery to the space, content and storyline (e.g., uses deliberate pauses)	
		Interaction with the audience (group)	Speakers do not involve the audience, and/or do not demonstrate listening skills, and/or do not handle questions effectively	Speakers occasionally involve the audience, listen, and answer questions in a structured manner	Speakers connect with the audience, regularly involve the audience, show active listening skills, and handle questions clearly	Speakers effectively connect and interact with the audience, actively listen and respond, and effectively handle questions	
Collaborate	2.e. Provide constructive feedback and show openness to feedback from others. (to be filled by Thread Leader or Programme Director, not Supervisor)	Providing feedback to the other teams on their presentation based on the rubric	The feedback is not related to the content or the format of the poster.	The feedback is brief, but it is based on the Poster rubrics' elements related to communication and research.	The detailed feedback is based on the Poster rubrics' elements related to communication and research, it mentions positive and negative aspects of the poster.	The detailed feedback is based on the Poster rubrics' elements related to communication and research, it is constructive, suggesting solutions to make the other team's poster presentation better.	(to be filled by Thread Leader or Programme Director, not Supervisor)
Research	3.a. Develop research plan and gather the right tools and knowledge to complete their project	Research plan formulation	The methods are unclearly formulated, overly broad, or not effectively addressing the research topic.	The methods may require further refinement to effectively address the research topic.	The methods are relevant to the research question and demonstrate an understanding of the research area.	The methods are explained and highly specific, are relevant to address the question and show a deep understanding of the research area.	
	3.b. Critically evaluate research strategies, and if necessary, modify and adapt these strategies	Critical thinking on strategies, adaptability	During Presentation and Q&A struggles with identifying problems, or struggles with finding solutions	Identifies scientific challenges to some extent, but limited solutions suggested, or missed some problems.	Presentation and Q&A demonstrates an understanding of problem and offers workable solutions.	Presentation identifies scientific challenges and solutions and provides insight on next steps. Q&A demonstrates excellent critical thinking on research strategy	
	3.i. Able to identify, integrate and analyse current knowledge about a topic including from multiple sources, perspectives and methodologies.	Understanding the knowledge	Presentation does not include integration of knowledge from various sources, perspectives, and methodologies.	Presentation combines knowledge from multiple sources and perspectives but lacks depth and sophistication.	Presentation demonstrates in-depth integration and analysis from various sources, perspectives, and methodologies.	Presentation excels in integration and knowledge analysis; Q&A showcases a deep understanding of the topic.
